## Road Resurfacing on Dundas Street West from McMurray Avenue to Annette Street & Reconstruction of McMurray Avenue

**Expected Start Date: July 2019**

**Expected End Date: August 2019**

*\*Timeline is subject to change. Future notice to be provided.*

The City of Toronto is planning to resurface Dundas Street West from McMurray Avenue to Annette Street. The City will also reconstruct the road, and replace the City-owned portion of substandard water services on McMurray Avenue

Our inspection of the roads show that Dundas Street West is in need of road resurfacing including the replacement of sections of damaged curb and sidewalk, and McMurray Avenue is in need of reconstruction. This work is required to bring both roads to a state of good repair and is part of the Council-approved 2019 Capital Works Program to renew aging city roads, sidewalk, and infrastructure for current and future needs.

### MAP OF WORK AREA
